

**Report of the Administrative Commission to College Hill Community Church**

To the Presbytery of Miami Valley:

The Administrative Commission has completed our initial investigation into reports of serious, unresolved conflicts within College Hill Community Presbyterian Church endangering the life and ministry of the congregation. We issued a report of our findings to the Session of College Hill Community Presbyterian Church and the Committee on Ministry. Our findings confirm that there are serious, unresolved conflicts related to the practice of shared ministry and the commitment to Presbyterian polity. At their April 25 meeting, session approved our recommendation of bringing in an outside mediator.

Respectfully submitted,

Lucinda Isaacs, moderator
