

**2023 MINIMUM COMPENSATION  
PASTORS, CRE, AND CCE  
PULPIT SUPPLY AND MODERATING HONORARIUMS**

**The 2023 Minimum Effective Salary for pastors in the Presbytery of the Miami Valley did not change. NOTE: There is an increase in the BOP Pastor Participation Plan to 39%.**

<b>Plan A (no manse)</b>	
Effective Salary	<b>\$53,870</b>
<b>Plan B (manse)</b>	\$41,439
Manse Value	<u>\$12,432</u>
Total Plan B	<b>\$53,870</b>

**This reflects no change from 2022.**

PMV minimums are currently higher than the other presbyteries in our Synod.

*Note: The Board of Pensions of the Presbyterian Church (U.S.A.) annually tabulates the median and average Effective Salary information reported to it for minister members of the Benefits Plan who are serving U.S. congregations. The median salary is generally considered more representative than the average salary since it is less influenced by the very-high or very-low salaries.*

**\*Reflects a change in calculation established in 2012 by the Board of Pensions of the Presbyterian Church (U.S.A.), requiring a minimum valuation of the manse at 30 percent “of all other compensation included in Effective Salary,” not of total Effective Salary.**

**Change for currently employed pastors and staff:**

*COM recommended and the presbytery approved that the local congregations who **already have pastors** to, at the very least, explore the possibility of a cost-of-living increase in 2023. An 8% increase would be ideal if churches are able to afford it, but even a minimum 2.5% increase for cost of living would be a help to some of our pastors and churches that are struggling financially more than others. This recommendation is for churches who already have pastors on staff. It was also recommended that*

*churches consider giving this cost-of-living increase to all members of staff (not just teaching elders). It was recognized that without increases for cost of living, the value of a staff person's salary can diminish by as much as half.*

*This recommendation was based on a review of the Consumer Price Index, Cost of Living projections, as well as the Synod of the Covenant's report on minimum terms of call salary increases going back to 2017. It is our hope and prayer that this recommendation is fair and just and gives guidance to our churches as they consider salaries for 2023.*

### **Additional Information**

1. **Board of Pensions information:** For 2023, two benefits packages are available to support the well-being of ministers and their families:

**Pastor's Participation.** This comprehensive benefits package is designed to meet the healthcare and retirement needs of ministers and their families. Coverage includes PPO family medical, the Defined Benefit Pension Plan, the Retirement Savings Plan of the Presbyterian Church (U.S.A.), the Death and Disability Plan, and the Temporary Disability Plan. Employer cost is 39% of effective salary. This reflects a 2% increase.

All installed pastors MUST be enrolled in the Pastor's Participation Plan for Board of Pensions members which includes dependent coverage. For 2023, the rate will increase to 39.0% of Effective Salary. While some part-time, and temporary pastoral relationships may participate in the Pastor's Participation Plan, other options for pension, disability and medical coverage are available through the Board of Pensions. More detailed information is available on the Board of Pensions website, [www.pensions.org](http://www.pensions.org).

**Minister's Choice.** This benefits package provides important financial protection during active service and into retirement at only 10 percent of effective salary. Plus, it expands access to assistance and education programs now available only through Pastor's Participation, such as CREDO and Board University. Benefits include the Defined Benefit Pension Plan, the Death and Disability Plan, the Temporary Disability Plan, and the Employee Assistance Plan.
