

The Leader's Table

“Leading in a space we've never been before”

Dear Friends:

I want to invite you to an opportunity generously sponsored by the Synod of the Covenant. *The Leader's Table* is a four-session series on the question of how we lead in a space we've never been before. Our ministry training no longer seems to equip us for our disruptive moment. To understand how to lead in this place we need space to engage together with the questions like where we are and what does leadership need to look like.

What is a Leader's Table (LT):

The LT is a four-session series comprised of:

1. Four 90-minute sessions built around engaging one of these key questions:
 - What is this new space where we find ourselves and how did we get here?
 - How does the Bible guide us when we find ourselves in spaces we've never been before?
 - What are the skills and practices for leaders in this new space?
 - How can you begin to step into these skills and practices in your context?
2. Prior to each session you receive a video to watch. Each video provides content around the question for that session as preparation for our table conversation.
3. Facilitator: Our facilitators are Alan Roxburgh and Phil Reed.

What you will come away with:

1. A deeper understanding of the key leadership questions and how to engage them.
2. Seeing the critical importance of table companions in leading in this time
3. A series of next steps for you in your congregation.

How to participate:

- **Dates** for the sessions: **Sept 13, 27 Oct 11, 25 @ 10 am ET.**
- **Cost:** The Synod is generously underwriting the cost to each participant. Each person (up to 40 leaders) pays only \$50, and the Synod covers the remaining \$150.
