

**"Play is often talked about as if it were a relief from serious learning.
But for children play is serious learning.
Play is really the work of childhood."
- Fred Rogers**

The Covenant Children's Academy

Today's offering will be used to provide tuition scholarships to children ages 3-5 whose families need financial assistance to help make it possible for their children to attend pre-school at Covenant Children's Academy. From September thru May, CCA offers three half-day options for children with small class sizes, teachers who have a minimum of a bachelor's degree and teaching experience leading all classes, and a diversity of learning experience opportunities.

You may place donations in the treasure boxes at the doors to the sanctuary.

ABOUT CCA

Covenant Children's Academy began as Covenant Nursery School and has been a ministry of Covenant Presbyterian Church since 1951. Our philosophy is that children learn by playing and doing. Therefore, our program stresses activity, both from the child and the teachers. Socialization is important throughout life. We feel that a child is never too young to learn to help, to share and to care. Each child is a unique individual with God given gifts waiting to be used. Our goal is to have the child discover and use those gifts for their optimum social, emotional and academic growth.

At Covenant Children's Academy we are committed to working together as teachers, families and parents to create an exciting, active, and positive learning experience for children. We also join with our Clark County community in partnerships with Wittenberg Education department, Clark State Early Childhood Education and the Springfield Art Museum to be collaborative and supportive for our children and our community!
