

## **A-6**

### **Report of the Administrative Commission for Corinth Church May 12, 2026**

The AC holds original jurisdiction. We have been working with the committees to help them function more effectively, including finding chairpersons for each of them. Corinth was recently informed that they would be dropped by their insurance company in early June. Members of the AC began working quickly with a few Corinth members to get bids on electric and roofing work and to find alternate insurance. We have found an insurance company that will carry Corinth. Finances continue to be a big challenge for the congregation. But God continues to show up as Corinth worships together and reaches out to their community.
